Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Saturday 08 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Sunday, sunny spells for many but parts of England cloudier.

This Evening and Tonight:
Early evening rain over Scotland will pull away northwards whilst evening rain over parts of western England and Wales moves into parts eastern, central and southern England overnight. Clear spells and showers follow into the west. Milder than recent nights.

Sunday:
Parts of eastern, central and southern England fairly cloudy with occasional. Fine and warm for East Anglia and the southeast until the evening. Elsewhere, sunny spells and showers.

Outlook for Monday to Wednesday:
Unsettled with a mixture of sunny spells and showers, plus some longer spells of rain also at times. Some heavy showers likely at times with a risk of thunderstorms.
